VOLUME 62 Number 21

PAW PAW, MICHIGAN, FRIDAY, JUNE 23 1916

WHOLE NUMBER #4225

## SHERIFF BEATTIE SOME SPEED KING

### Made Record Run to Hart- ford to Arrest Man For Firing Buildings

Early Monday morning Sheriff Beattie received a telephone message from Hartford that Mrs. Dwelling's barn and tool shed had been set on fire, and that the party who did it was in the vicinity of the fire.

Sheriff Beattie at once hitched up his faithful "Henry" and aroused Lang from his peaceful slumbers. They left Paw Paw about 2 a. m. and arrested one, John Hayner, and brought him back to Paw Paw arriving here about 3 o'clock.

Hayner who is a man of some 50 years had been working for Mrs. Dwelling for four years. Lately she disposed of the team which Hayner was driving and bought an auto. Hayner not being privileged with the machine became "sore" and sought revenge. On Sunday Hayner stayed in Hartford until about 9 o'clock then went to the farm. On his arrival he deliberately set fire to the barn, taking extra pains to see that the auto would be sure to go. After setting fire to the barn, he sat beside the road and waited until the flames were well under way and then aroused the family. He assisted in trying to put out the fire to cover up suspicion, but the circumstances were too evident.

Mrs. Dwelling called the sheriff and Beattie made a record run to the farm, three miles south, and one mile east of Hartford.

Hayner admits his guilt and does not seem to be much worried over the outcome. The charge placed against him is arson.

Hayner was arraigned in circuit court yesterday and pleaded guilty to arson. He will be sentenced this morning.

Miss Audrey Cross has completed the entire course as given at the Western State Normal at Kalamazoo and received her diploma from the same which will allow her to teach in any school in the state during her entire life time if she should so desire.

## CITY DELIVERY IS SATISFACTORY

The city delivery service is now established and in good working order. The service as far as can be learned is giving general satisfaction. Some of the patrons have not yet learned that there is no such thing as a drop letter in city delivery. All communications for delivery must have a two cent stamp affixed instead of one cent as heretofore. The service will be more complete and convenient for the patrons when the collection boxes have been erected. There are to be seven boxes placed at convenient corners about the city. These boxes should have been here early in May, but for some reason have not yet arrived.

An effort is being made to extend the service to streets that have good hard dirt sidewalks. At the suggestion of the postmaster, H. L. McNeil, chairman of the street committee, took the matter up with the postoffice department. It was referred back to the postmaster, who made a favorable report and recommended that such streets be added to the service. If the recommendation receives favorable consideration about 75 families will be added to the city delivery service and everybody will be happy.

### Postoffice Notice.

Notice is hereby given that on and after next Monday, June 26, all business windows at the postoffice will close at 7:30 p. m., instead of 7:30 a. m., as has been the custom in the past. The postoffice lobby will remain open until 8:00 p. m., as heretofore.

This change is pursuant to an order from the postoffice department and is made on account of the city delivery service. Mail received from the 7:00 o'clock train will not be distributed until the following morning.

FRANK N. WAKEMAN,  
Postmaster.

### Notice.

To those who make a practice of throwing noxious weeds in the public highways, notice is hereby given that such practice is unlawful. If continued it clogs road, drags and scrapers interfering with the working, repairing and maintenance of the highways. [adv]

## CLOSE CALL FOR LONGWELL AUTO

### Thieves made effort to get away with the Longwell Cadillac.

Last Friday night an effort was made by three unknown parties to appropriate to their use the 8 cylinder Cadillac auto belonging to George Longwell, Jr. Mr. Longwell drove his machine to his residence on Kalamazoo street, and locking his machine went to the house. He saw three unknowns fussing with the engine and having the hood of the car raised. Mr. Longwell found that the machine had been moved several feet by parties, probably in an effort to start the car. The fact that the car was locked probably saved the same from being miles from here now.

Last Saturday, Will Harriet took a passenger to Kalamazoo, and was standing across the street from where he had his car parked. He noticed a stranger go to his machine and endeavor to start it. He immediately informed the stranger that the car belonged to him, and he afterwards sat in his machine.

With the number of cars there are now it is an easy matter for one to be stolen, and parties owning cars should take every precaution against thieves. The only safe way is to get the car insured against loss. Guy F. Warner is the auto insurance man. See Guy and take out a policy.

### BUCKLEY-SCHUNEMAN

Last Thursday morning Miss Clairibel Buckley and Fred Schuneman, Jr. motored to Kalamazoo and were quietly married in that city by Rev. Ludwig of the Methodist church. They were accompanied on the trip by the Misses Mabel Schuneman, Blanche Buckley and Nellie Dunnington. After the ceremony the happy couple returned to Paw Paw and Friday morning left for Chicago for a short visit with the relatives of the groom. They will be at home with their many friends about the middle of July on the farm purchased for them by the parents of Mr. Schuneman. Both parties are well and favorably known in and around Paw Paw and all join with the True Northerner in wishing for them a long and happy wedded life.

## CELEBRATES NINTH BIRTHDAY

Little Miss Leila Smith entertained her little classmates and friends at her home near Prospect hill last Saturday afternoon from 3:00 until 5 o'clock in honor of her ninth birthday. The games that boys and girls like best were a part of the afternoon's enjoyment. Mrs. Smith saw that no one went home hungry as she knows just what boys and girls like to eat. Miss Leila received many little gifts of good will from her young friends. All departed wishing for her many returns of the day.

Mrs. Fred Sowles, who has been in Lansing at the home of her mother, returned Monday, much improved in health and able to get around quite nicely with the aid of a cane.

## BROUGHT DOWN PRICE OF GASOLINE

### Boys do Wholesale Gas Business. But Come to Grief.

Have you heard of gasoline selling for 12 cents per gallon lately? Well, that is what it did. The price seemed to advance, however, to \$29.75 per on Monday last.

Ivan Swain and John Kronkhitte, who are in the employ of the M.C.R.R. at the pumping station at White Oak, were arrested by Sheriff Beattie last Monday on a charge of simple larceny of gasoline from the railroad company.

The M. C. maintains a pumping station about three miles west of Lawton and uses gasoline in pumping water to fill the pans between the rails. This gasoline is stored in big tanks near the station and is furnished in 50 bbl. lots. The men were accused of disposing of a quantity of the inflammable fluid to parties in quantities of 5, 10 and 150 gallon lots.

Three of Lawton's citizens, Frank and Lee Kenney and Arthur Robinson, realizing the bargain in gas, took between them five bbls. F. Kenney and Robinson, being partners in the meat business, took three bbls., and Lee Kenney two bbls. Robinson & Kenney traded a wagon for their gas. The oil was transported to the crossing on the "speeder" and the parties who were to get the gas came to the crossing and loaded the same into an auto and went away with it.

The sheriff went over to Lawton, Monday and arrested the Kennys on a warrant charging them with receiving stolen property, and at the same time asked Arthur Robinson to come over to Paw Paw and make him a visit. They all pleaded guilty in Judge Mason's court to receiving stolen property and were each assessed \$25 and costs, amounting in all to \$20.75 per.

Swain and Kronkhitte were charged with simple larceny. Each pleaded guilty and was assessed \$10 and costs, amounting to \$14.75 per. Swain sold gasoline in Paw Paw in five and ten gallon lots at 12 cents per gallon, delivering the same in a baggy. He had a contract for 50 gallons, but will be unable to deliver the goods.

## ENTERTAINED AT BRIDGE

Last Saturday afternoon, Mrs. W. R. Sellick was hostess to thirty two ladies at her home on east Oak street. The afternoon was given in honor of Mrs. H. W. Barr who was the guest of friends here last week. It was entirely in the nature of a bridge party and the lovers of the game were present. The time passed only too quickly at the favorite past time. Mrs. Sellick served elaborate refreshments at the small tables. She is well versed in the art of entertaining and her guests enjoyed a most delightful afternoon.

## GRAPE GROWERS MASS MEETING

June 30 is the date. Mr. Bassett will be here

Dr. Mumford, T. A. Farrand and Harry Lurkin are giving valuable aid in bringing about this federation.

The local organizations of Paw Paw and Lawton by their representatives will meet in committee at Lawton at 9 o'clock Friday morning, June 30, to discuss by laws and the articles of incorporation and will spend all day if necessary.

At 7:30 p. m. at Lawton Town Hall, all growers are urged to meet.

Present organizations will not be disbanded but protected. Individual shipper of car load lots will be taken care of. The "Arbiter System" has worked well. The new plan will go farther and is more complete.

**Michigan To The Front**  
No back seat for New York. We can raise the standard of our fruit if we will. We can prevent the congesting of some markets while others are not supplied. We expect to bring the price the producer gets near to what the consumer pays. Other vital points will be taken care of. Plan to be there whether you have one acre of grapes or a hundred.  
By request of Eben Mumford.  
M. H. Pugsley.

## ALMENA TO CELEBRATE 4TH

Bills printed at the True Northerner office announce a grand celebration on the Fourth of July at Almena. The program consists of all kinds of sports, and races, with liberal prizes. Big dance all day and fireworks in the evening. Music will be furnished by the Almena band and dinner and lunches served all day for their benefit.

## How Are Things Out on the Farm?

How's the old barn? Still large enough to house all the horses, and hay required to winter them? And how's the roof holding out? How about a separate shed for the auto, for the farm implements, and comfortable quarters for the cattle, hogs and fowls?

Come in and Tell Us.

Free, Hall & Mutchler,  
Phone 37 Paw Paw, Michigan
